### Mission Statement

The mission of the ELT Council is to foster development in the ELT profession and sector. Malta can boast that both its ELT profession and sector are well structured and closely monitored, being practically the only language-learning destination in the world with legislation that assures that every licensed school maintains a national quality standard. All this has resulted in rapid growth for the sector.

### ELT Schools

There are currently 34 licensed ELT Schools in Malta and Gozo. Malta can boast that both its ELT profession and sector are well structured and closely monitored, being the first and practically only language-learning destination in the world with legislation that assures that every licensed school maintains a national quality standard. All this has resulted in rapid growth for the sector.

### Why Study in Malta

Combined with its cultural, historical and linguistic heritage, Malta offers a pleasant and congenial climate, a safe and friendly environment, a high standard of living, and an excellent quality of life. All this makes it an ideal place where to live and study English. In Malta, English sits right beside Maltese as an official language. Both are spoken fluently by a bilingual society that is tri-cultural; a Mediterranean love of life, a Romance love of culture and an Anglo Saxon attitude towards efficiency and good governance. In fact, most business transactions in Malta are conducted in English and this fact, amongst others, has contributed in no small way to Malta's economic development in tourism and a wide spectrum of industrial sectors. English is the language of business and international communication in Malta, and as such it is a vital element that firmly links the Maltese Islands to the rest of the world.
