SESSION ORGANISED BY THE ELT COUNCIL

Gamifying Wellbeing: Using Digital Games to Teach Emotional Intelligence

Date: Wednesday, 14th May 2025

Time: 16:00 - 20:00

Location: Online

Discover how digital games can be powerful tools for building emotional intelligence in the ELT classroom. In this hands-on, 4-hour online CPD session, educators will explore engaging ways to foster empathy, emotional regulation, and teamwork through gamified lesson plans. Learn how to integrate various into your teaching while collaborating with peers to create impactful, student-centered activities that boost wellbeing and engagement.

KEVIN SPITERI

Kevin Spiteri is a seasoned ELT professional with extensive experience in academic leadership, teacher training, and course development. As a DELTA-qualified educator and founder of TETRA and Level Academy, he has spearheaded innovative CPD sessions and education programs, including AI and esports related curricula. Kevin specializes in enhancing engagement, integrating digital tools, and fostering meaningful learning environments, combining over 20 years of expertise in English language teaching and educational consultancy.
